**A Letter From the President:**

Happy October/November INAALAS!

This newsletter is a little different from normal since we had our annual meeting at the beginning of October. We wanted to take some extra time to gather some fun information for the newsletter so we combined October and November in this newsletter so we can cover all things Annual meeting, D5, Halloween and Thanksgiving!

I want to thank all our wonderful sponsors for helping us hold another successful annual meeting! We absolutely could not do this without you! I also want to thank Conifer Canine's Dog Training College for providing a wonderful presentation as our spotlight speaker! I think everyone learned a lot and fell in love with the dogs! And, of course, thank you to our wonderful members that attended the meeting. We hope you enjoyed the meeting and will join us again for D5 and next year's annual meeting.

We raised a little over \$400 in our silent auction! We are giving back to the animals that painted those beautiful pictures and sending checks to both sanctuaries to thank them for providing those masterpieces! Make sure to check out the paintings and the sanctuary websites! We have a full page dedicated to them in this newsletter!

In This Issue:

P.1 A Letter From the President

P.2 OHAALAS Webinar

P.4 Conifer Canines Spotlight

P.5 Silent Auction Painting Update

P.10 Autumn Puzzles

P.12 Upcoming AALAS Events

We are hard at work planning our Annual Awards Banquet and by popular demand.....we will hold it at The Skyline Club once again! So, get ready to nominate your peers for awards so you can get dressed up and come to the banquet and cheer on all the winners. More details to come!

D5 planning is going well! We are forming committees – so if you signed up for a committee – you will be hearing from us soon! If you haven't signed up yet, please reach out if you would like to help! The attendee registration link is live: [District 5 Attendee Registration | Indiana AALAS](#)

I hope everyone has a spooky Halloween and a wonderful Thanksgiving!

SAVING HUMANS SINCE 1947

Throughout time, animal heroes big and small have played a key role in the development of medical breakthroughs and disease fighting therapies. Without them, insulin wouldn't be saving lives, polio wouldn't be a thing of the past. While there have been many victories, the battle is far from over. Charles River is committed to providing the legion of champions that continues to be instrumental in our quest to preserve human health.

No Storage Space?

GO DRUMLESS!

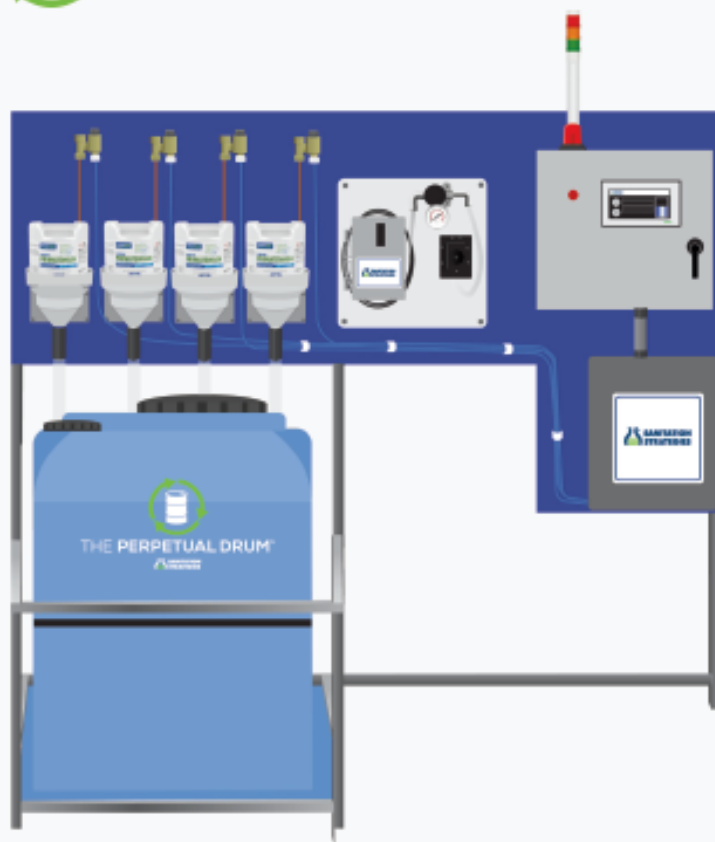

SolidTEK™
SOLID DETERGENT TECHNOLOGY

The **Perpetual Drum** is a proprietary system that dissolves solid detergent in a dual containment tank, which eliminates the need for chemical drums. Say goodbye to the handling large drums!

Our system is operated by a programmable logic controller that displays the current chemical levels as well as provides other valuable data to enhance your sanitation program.

THE PERPETUAL DRUM™

GO
FROM
THIS

TO
THIS

BENEFITS OF GOING SOLID:

IMPROVES WORKPLACE ERGONOMICS

Eliminates the hassle for your employees to move bulky drums and 2000 lb. pallets resulting in improved workplace ergonomics.

INCREASED STORAGE

Large chemical drums and bulk tanks occupy a large amount of surface area. The transition to capsules affords more storage space in your facility.

MORE ECOFRIENDLY

Eliminating large drums significantly decreases the amount of plastic being disposed and reduces the fossil fuels needed to create the plastic and transport the drums.
